Write a C/C++ program to that outputs the contents of its [environment list.] |

```
# include <stdio.h>
int main ( int argc, char *argv[], char* env[])
{ int i;
    for (i =0;  env[i] = NULL, i++)
        printf ( " \n %.s ", env[i]);
    getchar ();
    return 0)
}
```
